

BAD FILM ENGL 396

PATIENT EDUCATION VIDEO VIEWING RECORD

Patient Name:

LAST FIRST MIDDLE

The procedure called **electroconvulsive therapy** has been recommended to diagnose/treat your condition. The video program **Electroconvulsive Therapy** is designed to help you understand what this procedure is and why it has been recommended. It covers potential benefits and risks, and will inform you about what to expect before, during and after the procedure. After you have viewed the program, a physician and/or a qualified healthcare professional will answer any questions you may have.
(Please use the space below to record any questions you may have.)

Professor
Lance
Duerfahrd

I have seen and understood the video program entitled **Electroconvulsive Therapy**.
